

GRAY NOT IN THE RACE

Declares He Is Not a Presidential Candidate.

IS OUT OF POLITICS TO STAY

Delaware Judge Is Emphatic In His Answer to Pittsburgh Reporter Who Put Direct Question—In Smoky City Attending Dinner of Western Association of Princeton Clubs.

Pittsburgh, May 2.—"I am out of politics, and I am going to stay out."

This positive statement was made here this afternoon by Judge George Gray, of Delaware, who arrived in the city during the day to attend the dinner of the Western Association of Princeton Clubs at the Hotel Schenley, this evening. Judge Gray was accompanied by Dr. Woodrow Wilson, the president of Princeton, who was also one of the honor guests.

Judge Gray was averse to discussing politics. After he had had luncheon, the direct question was put to him as to whether or not he is a candidate for the Presidency of the United States on the Democratic ticket. Visibly squaring his jaws, he answered decisively:

"I am not. I am not, positively."

Pressed for some additional statement, Judge Gray said:

"I am here to-day as a Princeton man. Further still, I am out of politics, and I am going to stay out. I am on the bench, you know, and my duties are quite sufficient there. I have nothing more to say on the subject, but I should think that that is sufficient."

SEEK TO DOWN DANIEL

Democrats Arrange for the Election of Convention Delegates.

Special to The Washington Herald.

Lynchburg, Va., May 2.—The Campbell County convention met to-day at Rustburg and provided for the selection of delegates to the State convention, the selections to be made on May 16.

Each precinct will be given a delegate and they will be elected by precinct mass meetings unless some voter demand a precinct primary. In case of a primary persons desiring to go to the convention must become candidates. The resolutions of the committee provide for the unit vote in the county.

There is no doubt but that a primary will be held in Senator Daniel's precinct, and a strong effort is to be made by former State Senator Thomas to defeat him, should Maj. Daniel offer as a candidate as delegate from his precinct. A hard fight will be made against Maj. Daniel, and if he cannot carry his precinct, he will not be a member of the State convention.

INSTRUCTED FOR BRYAN.

Montgomery County Democrats in Virginia Hold Mass Meeting.

Special to The Washington Herald.

Christiansburg, Va., May 2.—The Democrats of Montgomery County in mass convention here to-day appointed delegates to the Roanoke convention, to be held on May 11.

The convention recommended that the delegates be instructed that former Gov. J. Hoge Tyler be nominated as a delegate to the Denver convention and instructed for William J. Bryan for President.

The following delegates were elected: Christiansburg district, J. D. Crenshaw, James Rigby, sr., W. M. Dunklee, Sidney Shelman, J. R. Johnson, and C. A. Johnson; alternates, A. L. Johnson, W. M. Pierce, D. M. Altier, J. W. Pepper, J. A. Meyers, and M. F. Akers. Auburn district, J. E. Howard, C. E. Webb, B. M. Harvey, Blacksburg district, Bird Anderson, A. W. Lester, G. C. Otey, H. C. Barnett, John H. Smith, and C. Slusser. Alleghany district, William Ellis, W. R. Knox, and D. H. Burger.

CULBERSON NO CANDIDATE.

Senator Declares Texas and Democracy Are for Bryan.

Senator Charles A. Culbertson, of Texas, has issued the following signed statement:

"In view of publications which have appeared in the past few days, I desire to say, and this is but a repetition of what I have said heretofore, that I am in no sense a candidate for the Democratic nomination for the Presidency. There is absolutely no doubt, furthermore, that the Democrats of Texas, in convention this month, will instruct their delegates to the Denver convention for Mr. Bryan. I believe he is the choice of a majority of the Democrats of the country."

OLD TICKET DEFEATED.

New Municipal Officers Elected in Keeleystown, Md.

Special to The Washington Herald.

Hagerstown, Md., May 2.—Extreme bitterness characterized the municipal election held this afternoon at Keeleystown, this county. The question of establishing a system of water works was at issue, and the opposition won.

The successful ticket follows: Mayor, O. W. Miller; assistant, H. G. Snyder; commissioners, A. V. Davis, J. A. Grossnickle, and Bruce S. Heller.

The defeated ticket was made up entirely of the present officials of the town, who had been renominated on a platform favorable to water works, as follows: Mayor, B. D. Keeley; assistant, D. H. Snively; commissioners, Grant Wyand, C. B. Taylor, and O. B. Wyand.

J. William Musey, a former well-known contractor of Hagerstown and Blue Ridge Summit, was to-day sentenced by Judge Gillan, at Chambersburg, to serve two years in the penitentiary for robbing the ticket office in the Western Maryland passenger station at Blue Ridge Summit. Musey confessed a plea of guilty and attributed his downfall to the excessive use of liquor.

Fire, that started from a defective fuse to-day destroyed the fine large residence of Robert Wood, near the Hius Mountain House, along with all of its contents. The house contained about twenty rooms, and was furnished throughout. Mr. Wood had but \$2,000 insurance.

BALTIMORE GRAFT AIRED.

Accusing Contractor Hides Witness in Office to Hear Confession.

Baltimore, Md., April 2.—During the hearing this afternoon of graft charges against J. H. Marino and T. Arthur Wickham, city commissioners, for opening streets, Deputy City Solicitor Fox created a sensation when he declared that ex-Congressman Harry Wells Rusk, now the chairman of the Democratic city committee, had been trapped by Contractor J. L. Robertson, the accused, into admitting that he had handled the bribe money.

Rusk had refused to testify before the mayor, and Robertson was in a quandary how to prove his charges. He sent for Rusk to come to his office, and in the meantime he removed the shelves from a bookcase and placed two men in it, who overheard the conversation between Robertson and Rusk. Holes were bored in the door so the witnesses could see Robertson and Rusk talking together, as well as hear their conversation.

The transaction was then discussed in its entirety, and the admissions made by Rusk were used by Robertson, and Rusk was compelled to come before the mayor and give testimony. He said that an envelope containing money had been left with him, and that Marino subsequently came to his office for the money.

Marino denies this absolutely, while Wickham declares he never received a penny.

Arguments were made by counsel this afternoon, and next Monday the cup-board witnesses will be summoned.

GIVES HUGHES SECOND PLACE.

Virginia Man Has It New Yorker Will Be Vice President.

Special to The Washington Herald.

Richmond, Va., May 2.—The belief is growing that the colored Republicans and the disgruntled whites, relieved of duties and honors by the State Republican convention, at Lynchburg, have been flattered to an extent that will surprise them and show that they are no longer a part of the political life of the country.

Some time ago, according to a negro who is said to be more or less familiar with what is going on, some of the leaders went to Washington to consult the Foraker and Hughes management. They came back and went to work to do all possible to swamp the "Lily Whites" and defeat Taft. Now it looks to the workers here as if Hughes has concentrated the fight and forced the Foraker people to do it all, and that Hughes will stand as the running mate of the man from Ohio.

TAFT MEN CLAIM 384 VOTES; ALLIES CONCEDE ONLY 237

Week-end Bulletins From Rival Republican Managers Show Wide Difference in Figures—Kentucky Appears in Both Columns.

Taft's managers, in a bulletin issued last night, claim 384 instructed delegates, while the statement sent out by the "allies" give the Secretary of War but 237, and claim 247 instructed for other candidates.

Both sides lay claim to Kentucky, where the Taft forces seem to have the lead over those directed by Senator-elect Bradley.

Taft is credited with Maryland and Maine by his managers, while the fact is that these States did not instruct, nor indorse, but did pass resolutions of preference. The work of State and district conventions is fast drawing to a close, as thus far 736 delegates have been selected, and but 244 remain to be chosen.

Following are the weekly bulletins as sent out by the Taft managers and the "allies," as the opposition to Secretary Taft is known:

FROM THE TAFT BUREAU.

Although two weeks of the campaign yet remain, involving the election of 244 more delegates to the Chicago convention, the work of the week has convinced press and public generally that the nomination of Secretary Taft on the first ballot is a foregone conclusion. Concessions of this character now abound among newspapers which have not heretofore supported his candidacy.

During the week now ending, 142 delegates were elected, bringing the total number thus far chosen to 736. Of the delegates elected this week, 84 were instructed for Taft, bringing his total instructed strength to 384, or to within 107 of the number necessary to a choice. As he is assured of nearly 200 more instructed delegates within the next fortnight, the hopelessness of the opposition to his nomination is made palpable. Only 60 of the delegates pledged to him are contested, some on the flimsiest pretexts. Those who have been in charge of his campaign apprehend no losses from the Taft column on the score of these contests. But they look for material gains from the column of uninstructed delegates, which now total 129, and of which a vast majority has expressed a preference for the Secretary's candidacy.

Conceded to the Allies.

Of the 142 delegates elected this week, only 15 were instructed for candidates other than the Ohio man. The Pennsylvania State convention instructed for Senator Knox, bringing his strength up to 63, all in Pennsylvania. Gov. Hughes carried three more New York districts, making his total strength, all in his own State, 52. Mr. Fairbanks, for the first time since Indiana's 30 delegates declared for him, added anything to his list, being the two delegates from the Second Kentucky district. In other respects the results of the primaries in Kentucky were overwhelming for the Secretary of War, indicating that next week every other Kentucky district and the four delegates-at-large will be instructed for him. The State central committee this week decided the contest in the First Kentucky district against the contention of the Fairbanks delegates and in favor of the Taft delegation.

Among the States that pledged their delegates to the Secretary Taft this week are West Virginia, Colorado, Arkansas, Maryland, North Carolina, Maine, and Mississippi, the latter being contested. In Oregon, the home of Senator Bourne, the Republican State committee significantly indorsed the candidacy of Secretary Taft and the State convention will instruct for him.

Results in Districts.

Other accessions to the Taft list of delegates came from the Second, Third, Fifth, and Seventh Arkansas districts; the Fifth, Sixth, and Seventh North Carolina; the Fifth West Virginia; the Second Colorado; the Fifth Alabama; the Second and Fifth Maryland; the Ninth Tennessee; the eighth Mississippi districts; the First Michigan; the First Maine; the Seventh and Eighth New Jersey; and the Thirtieth Ohio. Contests are threatened from six of these districts, as well as from the eight Mississippi districts.

Next week Utah and Wyoming will each elect six delegates-at-large. New Jersey, Kentucky, Connecticut, and Alabama four each. There will be district conventions also in Alabama, Arkansas, Connecticut, Indiana, Missouri, New Jersey, and North Carolina.

DELEGATES IN AUTOS

Roger Sullivan Will Take Party to Convention.

PLAN TRIP IN SEVEN DAYS

Illinois National Committeeman Charters Train of Seven Motor Cars to Haul His Friends to Democratic Meeting—One Machine Will Take Baggage—To Stop at Lincoln.

Chicago, May 2.—Roger C. Sullivan, Democratic national committeeman from Illinois, to-day instituted a new departure in traveling, by chartering an automobile train to convey a number of the Illinois delegates from Chicago to the national convention in Denver next July.

Committeeman Sullivan's party will include a number of well-known Democrats, who will leave Chicago on June 27, arriving in Denver on July 4. The train will be composed of four touring cars and a commercial wagon, built to be used as a baggage coach. The trip will be made by easy stages, as on account of the numerous receptions which will be planned at the different towns through which the train will pass, the going will average about 125 to 150 miles a day.

One of the most important stops will be made at Lincoln, Neb., the home of W. J. Bryan, the heir apparent to the Democratic nomination, who will hold a reception for the visiting delegates.

Tickets Same Price.

Tickets for the trip will be issued on the same plan as those used in railroad traveling, and the fare will be identical with that charged by the standard railroads to the delegates who prefer traveling by rail.

This is the first time in the history of American transportation that automobiles have been utilized for long-distance passenger service in competition with trunk line railroads.

The touring cars which will compose the train each will seat seven passengers.

HEARST A DELEGATE.

Is Named by Independence League Leaders in New York.

New York, May 2.—The State convention of the Independence party, the new Hearst organization, at Carnegie Hall tonight named delegates at large for the national convention, to be held in Chicago "late in July."

The platform of the Chicago conference, at which the new party was formed, was adopted.

No instructions were given to delegates, but the whole spirit of the convention was enthusiastic for William R. Hearst personally. He was named as permanent chairman and delivered an address.

Henry A. Powell, of Brooklyn, was temporary chairman. John Temple Graves, formerly of Georgia; Joseph Buchanan, a labor authority, and Alexander Bacon, of Brooklyn, made addresses.

A resolution commending Attorney General Jackson was unanimously adopted. Another resolution asking Gov. Hughes to remove District Attorney Jerome was introduced, but was not read before the convention.

W. R. Hearst made a strong appeal for the delegates to stand for absolute independence as against fusion.

The delegates-at-large are: William Randolph Hearst, Henry A. Powell, of Brooklyn; Dr. C. H. W. Auel, of Buffalo, and Reuben R. Lyons, of Bath, Steuben County.

LABOR MAY ORGANIZE PARTY

Enemies of Unions, to Be Denounced at Chicago Mass Meeting.

Taft and Cannon in for Scoring. Republicans, Democrats, and Socialists Will Try to Dominate.

Chicago, Ill., May 2.—President Samuel Gompers to-night took charge of the Chicago combination against candidates for office known to be opposed to the interests of labor.

The unions will hold a mass meeting to-morrow evening. Presidents Fitzpatrick and Nockels, of the Chicago Federation, are among the speakers. They promise to condemn Secretary of War Taft as an injunction judge who is notoriously an enemy of labor, and Speaker Cannon, who is charged with "stifling legislation favorable to the toilers in committees and from the chair of the national House."

An effort will be made by the radicals to induce the laborers to repudiate all parties and form a new one of their own. Republican, Democrat, and Socialist politicians within the ranks of the unions will try to capture the meeting for their respective parties.

A resolution is to be offered to pledge laborers not to vote for any candidate who does not belong to some union or is not a tried friend of labor.

FOUR FOR JUDGE HARMON.

Two Cincinnati Districts Pledge Votes to Jurist.

Cincinnati, May 2.—At the caucus this afternoon of the Hamilton County delegation to the State Democratic convention, the admirers of William Jennings Bryan met with overwhelming defeat.

Judge Judson Harmon will have at least four votes in the Denver convention, as the four delegates to the national convention from the First and Second Congressional districts of Ohio have promised the friends of the Cincinnati jurist that they will vote for him as long as there is any possible chance of his nomination for the Presidency.

When the ninety-three delegates from this county convened to-day at the Cincinnati Democratic Club, a resolution was introduced pledging the delegation to Bryan.

The resolution was voted down by a vote of 33 for and 60 against. The following delegates to the national convention were elected:

First district, Max S. Goldsmith and Thomas P. Hart; Second district, Joseph M. Rice and ex-Mayor Edward J. Dempsey. Lewis G. Bernard was named as the member of the State central committee from the First district, and Charles N. Danenhower from the Second district. Both are lifelong friends of Judge Harmon, who are determined to secure his nomination for the Presidency.

While no attempt was made to indorse Judge Harmon for the Presidency, Col. Joseph M. Rice, president of the Duckworth Club, leading Democratic club of Cincinnati, who was elected to-day to the convention at Denver, said to-day:

"You can rest assured Judson Harmon's name will go before the convention at Denver, if I have to place him in nomination myself."

If the Hamilton County delegation secures the indorsement of Judge Harmon by the State convention, former Mayor of Cincinnati Edward J. Dempsey, who has considerable reputation as an orator, and who, up to a few weeks ago, was a staunch follower of the Nebraska, will place Harmon's name before the convention in Denver.

Will Fight Gambling.

Nagara Democratic Candidate for Assembly Outlines Views.

Lockport, N. Y., May 2.—Henry McMahon, Democratic candidate for senator in the Forty-seventh district, made a public statement to-day as to his attitude in regard to Gov. Hughes' race-track bills.

He said that he believed his election or defeat would not decide the fate of the bills fathered by the governor, and that he was convinced that the special election was called in this district to bolster up the Stevens-Porter faction of the Republican party.

He put himself on record as favoring all constitutional laws against gambling.

WARNING TO PARENTS.

The Milk Conference appointed by the District Commissioners, in view of the MANY DANGERS OF RAW MILK, has recommended the home-pasteurizing of all raw milk by bringing it to the boiling point, then withdrawing, cool, and keep cold until used.

The conference has thereby indorsed the advice given by this society for a number of years to

SCALD ALL MILK

for children.

Parents are particularly warned against the erroneous opinion held by some that pasteurizing affects either the digestibility or the nutritive value of the milk, or that, as a rule, it will produce any bad effects whatsoever.

SOCIETY FOR PREVENTION OF SICKNESS.

SOCIALISTS MEET MAY 10.

Convention Will Be Held in Chicago. Delegates to Parade.

Chicago, May 2.—The second national convention, that of the Socialist party, to be held, inaugurating the eighteenth campaign, will open Sunday, May 10.

A full ticket is to be named and a platform adopted. The leaders hope to poll more than a million "popular" votes.

Two hundred and nineteen delegates, many of them women, will participate. Delegates and their friends are to have a parade, and it is openly declared by the leaders that if the police refuse a parade permit they will march anyway. Sunday's sessions will be preliminary. The nomination and adoption of a platform will take place Monday and Tuesday.

B. B. ODELL, JR., A DELEGATE.

Twentieth New York District Falls to Instruct.

Middletown, N. Y., May 2.—The Republicans of the Twentieth Congressional district, comprising the counties of Orange, Sullivan, and Rockland, met in this city this afternoon and selected former Gov. Benjamin B. Odell, jr., and Representative Thomas W. Bradley as delegates to the national convention at Chicago. James Kilby, of Rockland, and Frank S. Anderson, of Sullivan, were the alternates.

The delegates were not instructed.

CONNECTICUT BREAKS EVEN

Poll of State Delegation Show Six for William Jennings Bryan.

Two Announce Their Preference for Gov. Johnson—Nebraska Is Still in Favor.

Hartford, May 2.—In the Connecticut delegation which is going to Denver there are six men who announce for Bryan, six who do not announce, and two who say Johnson, according to a disclosure resulting in a polling of preference as delegates, and not as individuals, at a meeting in this city to-day.

Features of the meeting was the reelection of Charles W. Comstock, of Norwich, as chairman of the Democratic State central committee, and a record run of the Hon. Melbert B. Cary, of Ridgefield, who was so anxious to attend the meeting that he hired a special train of one coach and came from New Haven in thirty-seven minutes, a mile-a-minute gait.

The six out-and-out Bryanites in the delegation are Mr. Cary, William Kennedy, of Naugatuck; Thomas M. Cullinane, of Bridgeport; J. L. Farley, of Torrington; John J. Walsh, of Norwich, and Alexander Troup, editor of the New Haven Union.

Dr. Harry McManus, of Hartford, and his associate, Harry C. Ney, of Farmington, are in favor of Gov. Johnson.

The resolution for a poll created considerable discussion, some of the delegates acknowledging that their Presidential choice was more or less feeling, and the meeting adjourned after selecting committees on credentials, transportation, and rules and procedure.

The strength of the Bryan faction in the delegation was a surprise to some, but it is thought that the noncommittal ones are for most any one rather than Bryan.

ASQUITH'S POWER ON WANE

English Premier Unable to Hold Liberals Together.

Split with Radical Element Daily Widening and Change of Administration Is Predicted.

London, May 2.—England is almost on the eve of a change in administration. The Liberals, under Premier Asquith's leadership, are apparently about to go out of power. The Conservatives, led by former Premier Balfour, are due to succeed them.

Premier Asquith and Winston Churchill are considered the Liberals' two strongest men. They represent rival factions. They are known to have been on bad terms politically for a long time. Rumor in government circles is that it has now come much further than the country generally suspects. For Liberal, Asquith is conservative. Churchill is a radical. The party conservatives are a minority. The radicals hold the balance of power.

The late premier, Sir Henry Campbell-Bannerman, held the wings of the party together. When he fell ill the friction became greater. On his resignation last month—shortly followed by his death—politicians believed it would be long before the party could be welded together. Premier Asquith gave both wings fair play in making up his cabinet. Churchill got the presidency of the board of trade. To take it he had to appeal to his district to re-elect him to Parliament. Asquith failed to support him—at least the Churchills say he did—and Churchill lost. He will get back into Parliament. Dundee has already arranged to provide for him. But Churchill and the radicals resent the premier's action.

The radicals look for a declaration of independence from Churchill any day. Then there will be a vote on some measure in the House. The Asquith government would have a majority, and the cabinet will have to resign, and there will be an election and every politician in England—Liberal politicians, too—agree that the Conservatives will win.

Fuller to Hear Case.

Chief Justice to Go on Bench in Dispensary Suit.

Richmond, Va., May 2.—Chief Justice Melville E. Fuller will sit in the famous South Carolina dispensary cases, which will be heard in this city at the May term of the United States Circuit Court of Appeals, which convenes next Tuesday.

These cases are perhaps as important as any that have been before the court in recent years. They involve the question of whether or not a commission appointed by the sovereign State of South Carolina represents the State and is liable to suit against the Constitution of the United States.

These are cases in which grafting is alleged between the whisky men and the dispensary boards.

LACTEAL FLUIDS CHEAPER.

Two Cents Drop in Prices of Both Milk and Cream.

A reduction of 2 cents in the price of milk and cream was made yesterday, when the price of milk fell from 13 cents to 11 cents a quart, and cream fell to 14 cents a quart.

"It costs less to produce milk during the summer," said Secretary George B. Farquhar, of the Retail Milk Dealers' Association. "Consequently there has been a reduction in the price by the wholesale dealer to the retail dealer."

"We are giving the customers the benefit of the reduction. I presume the lower prices can be relied upon to exist until next fall."

WHEN the hot weather comes, nothing in the way of apparel will afford you so much comfort as a Kirschbaum two-piece outing suit (coat and trousers).

Scarcely conscious of the fact you have a coat on. Some are half, others are quarter lined. Be good enough to yourself to wear one.

Silk lining in higher grade outing suits matches the fabric in shade and pattern.

UPHOLDS RAILROAD PROJECT MIDDIES AND GIRLS INJURED

Route from New York to Buenos Ayres Is a Possibility.

Explosion on Steam Launch During Picnic Trip.

Entire Distance of 10,400 Miles Will Be Spanned by Links of Steel, Asserts Mr. Pepper.

Victims Include Guests of Mrs. Benson, Wife of the Commandant of Cadets.

That the Pan-American railroad route from New York to Buenos Ayres is not by any means an impossible dream, is shown by the report of Charles M. Pepper, which has been submitted to the Department of Commerce and Labor by ex-Senator Henry G. Davis, who has traveled over the route, and finds the entire distance of 10,400 miles will be spanned by links of steel.

At present there are completed continuously 3,750 miles of road from New York to the southern border of Mexico. From the southern border of Mexico to Buenos Ayres there are 2,500 miles more already in operation and 40 under contract. This leaves 3,900 miles to be contracted for or built.

Mr. Pepper reports that the greatest interest in the project is manifested throughout the South American continent. Bankers and business men are showing the greatest willingness to invest in securities of new links in the great chain.

A kindred project to the Pan-American is the joining of water and rail navigation to provide communication for the rubber regions of the interior of South America. The Brazilian government is back of the enterprise to build 200 miles of railway around the Madeira Falls, and this railway will provide the through rail and river navigation. The contract is held by the American company.

The accident occurred while Mrs. Benson, wife of Commandant of Midshipmen Benson, was chaperoning her daughter, Miss May Benson, and a party of young ladies and midshipmen on a pleasure trip up the river shortly after 4 o'clock. The injured enlisted men, both of whom sustained severe burns from scalding water and steam, in addition to bruises and cuts from flying bits of the boiler, are Coxswain Maury and Fireman Kelley, colored. Both were taken to the Government hospital when the damaged launch reached the Academy.

In addition to these midshipmen, Ruth Fay, of Annapolis, and E. S. R. Brand, of Montclair, N. J., received wounds on their heads, which were dressed at the midshipmen's sick bay.

One of the young women in the party received a flesh wound over her eye from a flying piece of the boiler. The names of the other women in the party could not be ascertained.
